EPA I.D. Number: FLD 980 847 016

Dear Ms. Brown:

The U.S. Environmental Protection Agency (EPA) has a repository established at your location for the Brown's Dump Superfund Site. The repository serves as a convenient location for public access to and review of documents related to the Brown's Dump Site. Presently, there are several items already available for public viewing in the repository.

Enclosed with this letter are three (3) documents relating to the additional Remedial Investigation (RI) soil sampling currently being performed in the neighborhood surrounding the Brown's Dump Site. The EPA is requesting that these three (3) documents be added to/placed in the Brown's Dump Site repository.

If you have any questions or require additional instructions as to your responsibilities as a repository, please feel free to call me at (404) 562-8938 or 800 435-9234.

Sincerely,

*Wesley S. Hardegree*
